ROYAL ARTILLERY SPORTS.

On Tuesday in grand weather, the regimental Sports of the Royal Garrison Artil lery took place on the grounds of the United Service Recreation Club at Kowloom, in the presence of a fair gathering of officers and friends. Quite a number of ladies and civilians were also interested in the sports. The gunners turned out to a man, as, did "H" Co. the Buffs, their stalwart Acting Sergeant Major, the 13th Rajputs -who looked for all the world, from gardening, owing to the variegated hues of their turbans—the Mahrattasin white, and scores of the Hongkong S. B. native artillerymen. Hospitality reigned supreme, and Col Chamier must have felt gratified at the attendance of the native soldiers. The inner man was well looked after, Master Gunner Wilks, Master Gunner Little and the other W.O's and N.C.O's proving excellent hoats. The chief interest seemed to point to the mile, open to all, which was won by Lance Corpl Andrews with a bit up his sleeve. Quite a popular win. The tug of war between the Sikhs and Mahomedans was vastly entertaining. for the former to the jubilation of the) Hindus scored over their Mahomedan

our troops satisfactory! On the whole that interegatory must be answered in the negative. As a fact, much of the ales, stouts and other beverages of a similar nature served out in the Army and Navy is not up to the mark, more especially in India, under the new regulations, and there is good reason for the complaints so often heard in this respect. It may therefore COLE PROPRIETORS of TAKASIMA, be timely in this special series of "Service OCHL HOJO, NAMAZUTA, SAYO, Requirements and How To Meet Them,"to BHINNEW and KAMIYAMADA Col- refer to the productions of a famous Scottish Browery whose liquor may be taken as SOLE AGENTS for KISHIDAKE, MI examples of what the standard of beer and ale supplied for Service consumption should ba. First, a few words on a fact which Special attention is invited to the fact should be borne well in mind. We hear a that the well-known Coal Mine MUTABE, good deal in these days about temperance

> and Navy, will best be served by paying attention to the quality of the liquor, rather than by imposing burdensome restrictions as to licenses, or by introducing harassing legislative measures. To inculcate the necessity of purity in the wines. spirits and beers placed before the public will be of more practical utility than the delivery of numberless so-called "temperance lectures, advocating "abstinence or fantastic and unreasonable legislation. What is the desiderata of a really satis factory beverage for the Services? and we may incidentally say that what is good for the Army and Navy is certain to be good for civilians. Well the chief points in supplying beer to the troops are: first, that the beverage should be brewed solely from the very best quality of materials, and secondly. 816 that it should be as light as possible, con sistent with good keeping qualities, and proper amount of favour. And here comes

the objective of this article. We find after careful tests, and exhaustive enquiry, that all the desiderata of ideal ale and stout will be found in the cutput of Mesers George Younger and Son, Ltd., of the Meadoward Candleriggs Breweries, of Alloa, N.B., the premises and methods of which may be fairly taken as a model of a premier British brewery. Who has not heard of the famous "Revolver " Ale and Stout, which beyond a doubt meets the most pressing need of (GOUD FRIDAY) and MONDAY, the the day, sound, wholesome liquor, reliable in quality, perfect in flavour. It is a simple fact that the brews of this house, owing to a unique combination of the finest materials and a brewing and bottling system peculing to itself, have gained the highest repute not only throughout the Services, but amongst the infinitely wider circle interested in those Services. Experience teaches that, for example, the "Revolver' Ale, guaranteed to be brewed solely from malt and hops, has never been excelled for either quality or flavour. A wholesome, stimulating and health-giving beverage could not possibly be found be REDUCED to HALF A CENT per its popularity, The "Revolver" Ale and

A sound brilliant beer 201 to suit the present teste can only be browned in up-to-date breweries from good materials. by a carefully thought out method of brewing, and unceasing attention at every stage of each process. All this is found at the Meadow and Candleriggs Breweries. From a hygienic point of view the premises may almost be regarded as perfect. Scrupulous attention is paid to cleanliness, the sanitary environment is flawless, and only the choicest materials and highest grades o malt and hops are used. The result is that the "Revolver" Ale and Stout are a revelation of flavour, purity, and nutritious

fought and won. There is no more healthy beverage than beer, provided that you get the right stuff It is, however, only in a brewery of stand ing and unblemished repute, like that o Messrs George Younger, that you are cer tain of obtaining that desirable quality, pleasing to both eye and palate. It seems to us that once a man has tasted these. brews, he will not thereafter be satisfied with the heavy, thirst-provoking alea, or thin, wishy-wasky foreign lagers that unfortunately are so often met with. It would be difficult to over-estimate the importance of this matter, affecting as it does the health and comfort of our troops, for there is a close connection between the well-being of our forces, and the quality of their food and drink supply.

"It's a way they have in the Army, we are happy to think, to appraciate good liquor. A proof to this effect is before us in the shape of a unique batch of testimonials from regimental messes commending the "Revolver" brand. Here is typical one from the 2nd Yerkabito light. Infantry: "The Commander-in-Chief, when visiting the Regimental Institute at STORES: his inspection, tested the ale (Messes George Youngers), and expressed himself as very well pleased with it, and aid it was a very good, clean distriking Ale. medical profession all over the world. So far the definite results have not been some advance has been made and we have a better conception of the nature of this terrible scourge than was possible even a decade ago. There is a widely spread idea that cancer is more prevalent among foreigners in Japan and Java than among the same classes scattered about the Chinese empire, but unfortunately we have no statistics by which this popular belief can be tested. From our own observation—which of course counts for very little from a growth which indicates cancer?" scientific standpoint-of the foreign inquired residents in the Far East from Yoko- that a germ can give rise to an anima hama right round to Penang we gather that cancer bears about the same pro- altered white corpuscles defeated in portion in the death returns as it does in Europe and America. Unfortunately this is very high. During the last few years many new methods of treatment I not stop at cancer. If the white have been introduced, with varying cal opinion in regard to them all being where the surgeon's knife cannot be used to case is hopeless. But a ray of hope to enable Nature herself to conquer the seems now about to be cast upon even the most desperate cases if we are to ensure that she faces the battle with credit an announcement which appears I tion and under the best possible circumin the British Medical Journal for January 30. Hon. Sir Henry Berkeley, K.C., in structed by Mr Otto Kong Sing. appeared for the plaintiff, and the Hon. Mr H. E. Pollock, K.C., instructed by Mr C. D. Wilkinson defended.

Sir Henry Berkeley said that plaintiff sought to recover \$840, being the amount payable to the plaintiff under a bill of exchange dated November 14, 1908, which war. The 83rd, 87th and 88th companies, the plaintiff stated was improperly paid to two persons other than the drawees. His Lordship would remember that he had directed pleadings in the case. Defendants Lammert, the Hon. Secretary, at the claimed the protection of Ordinance 7 of In order to avail themselves of the

section the bankers must show that the that they are invited to attend the sports endorsement on the bill of exchange payable on demand to the order of Man Lee Chun and Co., was endorsed by defendants or purporting to be paid by them. On the back of the bill was endorsed Man Lee Chun Sing Kee and that was not the endorsement of Man Lee Chun and Co. Therefore the defendants were not entitled to the benefit of statute. Dealing with the payment in good faith Sir Henry Berkeley said it might very properly be held that course of business in paying a bill under these circumstances. A banker cannot be said to have acted in good faith in paying a bill on the demand of persons, when he has had repeated notice days before that the bill had been stolen or lost and asked to do the simple thing of merely deferring, for a short space of time, the payment, until notice of the presentation could be

Itstates: "I desire that my body be buried in the churchyard at Holkham, enclosed in a single plain deal coffin only, without any brasses or or nament whatever. and I request my executors not to provide any gloves or hatbands or to allow any other foolish expenditure at my funeral."

An account of the work done in the can cer research laboratories of the Middlesox Hospital was given by the director, Dr. Lazarus Barlow, at the annual meeting of the governors of the hospital. There was, he said, a definite increase in the amount of cancer nowadays, and the 30,000 deaths from cancer in Englandand Wales reported by the Registrar-General would go on increasing. Referring to heredity in cancer, be said that examination of the records of 8,000 cases showed no evidence that the disease is inherited.

Accompanied by Terrible Itching-A Complicated and Most Distressing Case-Well-known Remedies Falled to Cure-Doctor-Thought an Operation Necessary-Then

CUTICURA PROVED ITS WONDERFUL EFFICACY

morning, three years ago, I was taken with a hard pain in my right aide. In two days I had an attack of piles (hemorrhoids), bleeding and protruding. The doctor gave me some medicine and an ointment for them which helped me some but I had to keep using them all the time. Then I changed to the Permedy; but if I did not use it every day, I would get worse. The doctor said the only help for me was to go to a hespital and be operated on. At this time, about a year ago, I went to using the Seremedies. I tried them for four or five months but did not get much help for my piles. During this time sores would come on a fleshy part of my body. They bothered me all the time. I would get one healed and another would come. These sores changed to eczema, accompanied by a terrible itching. It seemed as if I could not keep my hands from tearing my flesh. This and the pile trouble brought on an infamed condition. Then I got the Cuticura Remedies. I washed the affected parts with Cuticura Coan and warm water in the morning. Soap and warm water in the morning, at noon, and at night, then used Citicura Ointment on the irritated surfaces and injected a quantity of Cuticura Ointment with a Cuticura Suppository Syrings. I also took Cuticura Resolvent Pills three times a day. It took a month of this treatment to get me in a fairly healthy state and then I treated myself once a day for three months and, after that, once or twice a week. It is fortunate that I used Cuti-cura. The treatments I had tried took a lot of money that I would have saved by using Cuticura Remedies sooner, but I am wiser now, and I would not feel safe without them. J. H. Henderson, Hopkinton, St. Lawrence Co., N. Y.,

Complete External and Internal Treatment for Every Humor of Intants, Calidren, and Adult consists of Cuticuta Somp to Cleanse the Skin, Cuticuta Ciniment to Heat the Skin, and Cuticuta Ciniment to Heat the Skin, and Cuticuta Resolvent, or in the form of Fills (Chocolate Context) to Purify the Blood: also the Cuticuta Suppository Syrings. # GOOD NEWS FOR ALL!!

MORE SEA-SICKNESS

DIRECTIONS FOR ZOTOS:

(The Capsules to be swallowed whole). Take a Capsule half an hour before the Steamer sails, another as the Steamer leaves, and a third (though this is rarely necessary) half an hour later. Afterwards, Capsules to be taken as required, up to 6 per day.

(For fuller directions see wrapper round box).

ZOTOS is an infallible remedy against sea-sickness and Fock. train sickness, etc. For travelling by sea or train in perfect om fort, never be without it.

ZOTOS not only prevents sea-sickness, but at the same time stimulates and promotes a healthy appetite. It enables Blum and family, Mr and Mrs. Browfield, the worst sailor to enjoy a sea voyage.

ZOTOS contains no injurious drug whatever, and produces no bad after effects. See analysis of Mr E. J. Parry, the well-known analytical and consulting chemist. ZOTOS can be carried in the Waistcoat Pocket.
